

Sharon Camp – Candidate for Wildfeather POA Board

I would like to introduce myself—my name is Sharon Camp. My son, Eric, purchased property in Wildfeather in 2013, and my husband John and I immediately fell in love with the community. We spent nearly every weekend here enjoying everything the area has to offer. In 2022, when Eric decided to move, John and I purchased his home and made Wildfeather our permanent residence—a decision we are incredibly happy we made.

From the very beginning, I have been actively involved in the community, volunteering my time and assisting with events such as poker runs for over a decade. I believe this long-standing involvement has given me valuable insight into what makes our neighborhood special and where we can continue to grow.

I also bring prior board experience, having served with the Illinois Cruisers Yacht Club (ICYC) at Big Basin Marina. I started as Social Events Coordinator, then served as Vice Commodore, and ultimately Commodore. Through these roles, I gained hands-on experience in operations, financial management, rules and regulations, and ensuring member satisfaction.

Professionally, I bring over 25 years of management experience as an Office Supervisor with the Lemont, Palos, and Bolingbrook Park Districts. Currently, I work at Morris Hospital as an Administrative Assistant in the Quality Department, where I am responsible for documenting meetings, minutes, and organizational communications.

I am choosing to volunteer my time for the Wildfeather POA because I am committed to helping maintain and improve the community we all value. I will work collaboratively with the board to review and update outdated rules and regulations so they better reflect the needs of today's residents. I believe strong, consistent communication is essential, and I will strive to be both a reliable resource and a voice for the community.

I would be honored to serve and to continue helping make Wildfeather a wonderful place to call home.
